

# Plug Top AC-DC Battery Backed

Model PML1202AC is a battery backed wall mount AC-DC adaptor, capable of giving battery back up in the event of an AC mains failure. Suitable for all types of low powered electronic equipment such as CCTV cameras, security systems, electronic door locks, routers and VoIP phones systems and many many more applications.

Specification	
AC Input	90-264VAC 50/60Hz
Input Current	1 Amp Max
AC Input Plugs	Optional UK, Euro and USA 3 pin
DC Output	12V 2 Amps
Battery Type	LiFe PO4 Battery- the safest lithium battery
Battery Capacity	25.6Wh/8000mA, 2 x 3.2V 4000mA batteries
Battery Back Up Time	Approx 4 hours drawing 12V 0.5 Amps or 2 hours at 1 Amp
Battery Life Cycle	LiFe PO4 batteries offer 2000+ life cycles ,offering longer life!
Battery Recharge Time from flat	4 hours
Output Ports	Two 2.5 x 5.5mm DC sockets
Output Cables	Two output cables with right angled mounted plugs at each end. Length can be ordered to suit customer requirements
Protection	Over current, over voltage, over charge, over discharge, short circuit and over temperature protection.
LED Indicators	Power On/Battery Condition/Battery Charging
On/Off Switch	Put Switch to ON before you charge or discharge unit
Case Material	White ABS flame retardent plastic
Case Dimensions	H126 x W80 x D42mm
Weight	246 grams
Application	Any 12V 2A low powered electronic equipment
Certification	CE CB IEC62133, UN38.3 MSDS, FCC, UL Test Report
Warranty	12 Months
