

240W 6-Port USB-C Charging Station

Features

- **240W GaN USB Desktop Charging Station:** This 240W USB-C multi-port charger allows fast charging of up to 6 devices simultaneously. The built-in intelligent chip automatically identifies, adjusts, and distributes the optimal output for each device, providing charging speeds of 5V/9V/12V/15V/3A. A single device can receive a maximum power of 20V5A. It supports various protocols such as PD3.0, Quick Charge 4.0, and PPS.
- **6-Port Charging Hub:** The 6-port USB Type-C charging station efficiently charges and organizes up to 6 phones, tablets, and other devices simultaneously. By using a multi-port USB charging station, you can reduce the need for multiple USB wall chargers, freeing up outlets in your home or office.
- **Broad Compatibility:** With an input voltage range of AC 100-240V, the USB-C charging hub is suitable for use worldwide. This powerful multi-port AC charger adapter is a convenient and practical charging solution for a variety of modern devices, including laptops, tablets, and smartphones.
